Great,

Is there a person to coordinate with to get some additional funds assigned? I have been working with Kellon Pearson previously. We are close to completion of all assigned targets but are at the end of the funds by the cost estimation sheet. Three more days at the current burn rate should be sufficient.

Hello,

Paul Kudarauskas indicated I should be sending the cost tracking spreadsheets the this email address. Please let me know if this is the correct place to forward the estimation tool. The actual costs have not been billed and may vary from the estimation.
